The following requirements must be strictly followed for the Bible book report. Failure to complete these instructions will result in points being deducted as listed below. Simply put – anything worth doing is worth doing correctly! Let's do it right the first time. 😊

- One page typed summary of the book (REDO paper and one day late)
 - Paper may not be less than one page and may not exceed two pages
 - Type the paper in **Microsoft Word** for best formatting results
- Heading should be just like a regular HW assignment (except that it will be typed). Do not include a title.
- Font Type: Times New Roman or Cambria (10 points off)
- Font Size: 12 pt. (10 points off)
- Margins: 1 in. (10 points off)
- The start of the paper must match the example given on the next page (20 points)
- The text or content of your paper must be **double-spaced** (10 points)
 - Points will be taken off for any extra spacing
- Include an introduction and conclusion paragraph as taught in English class (10 points)
 - May include what you thought about the book or what you learned in the conclusion paragraph
- Run spell check or ask a parent to proofread for spelling errors. This time spelling really does count! (Each error will be 2 points off.)

Strive to make your paper interesting to read! You may end up sharing it with the class. 😊
